SOLDIERS' MONUMENT DEDICATED AT BETHEL.

Memorial Day, Red Letter Day Indeed.

Over 400 People in Procession—Camp Fire in Evening.

There is a class of extreme advocates who hold it wrong to erect in school tales of heroism in war or to appeal to the patriotism of young people. We are citizens of the world," say these ultra altruists, "and our country is the whole world," and they quote with unctious the great Duke of Wellington's terse definition of war.

Such an apostle would have found scant following on the streets of Bethel on Memorial Day. Every fluttering flag waved patriotically and every heart throbbed with love of country. It was a glorious day and we cannot be too grateful to the enthusiastic mind which conceived it and the loyal workers who cooperated in carrying the plan to such a happy consummation.

It began with the first martial strain from that splendid band and the first glimpse of the military figure of the marshal of the day, mounted on a prancing horse, that had evidently decided to lead to the occasion by giving the rider a chance to display his skilled horsemanship to the full.

The procession was indeed a grand one and carried enthusiasm and patriotism to the very finger tips of the hundreds who had made the sidewalks along the line of march crowded with viewing stands. First came the Rumford Falls band of twenty-five pieces, the better than which never paraded the streets of Bethel. Then came the speakers and municipal officers, as an escort to that little band of men on whom few of us can gaze with undimmed eyes as they march with over thinning ranks on each Memorial Day. Next the band of loyal women, some of whom had the hardest, bravest part in the great struggle, that of those who sit at home and wait while those they love go forth to war. And then the scholars, with waving flags and glowing faces, altogether charming—from the

Academy seniors, with trained march, to the blessed little tots, patterning along with unweaned steps. After them the scarlet shirted firemen, who have many times "shown themselves good soldiers" too, and lastly the citizens. The procession was marshalled by Maj. Adelbert Twitchell of Newark, N. J., mounted as above noted, assisted by A. S. Chapman, A. M. Carter, mounted on the son of his old battery, E. L. Edwards, the son of our gallant Col. O. S. Edwards, mounted and as unmounted aids, comrades I. C. Jordan, A. M. True, T. M. Bean and Post Commander A. H. Hutchinson.

The route lay from the Academy up Church street, around our beautiful Common, down Broad street to Main street, and down Main to the monument. Everywhere our glorious national colors against the green of the tree lined streets and everywhere enthusiastic crowds following the line of march. The stores and residences, not only along the line of march, but throughout the village were decorated with flags and bunting, which added much to the spirit of the occasion.

In front and on either side of the monument the procession rested in the form of a hollow square, with the Veterans and Relief Corps to the right, the school children in front and on the left, while a multitude of citizens formed a solid breast work entirely around. It is estimated that 2,000 people were gathered in the square about the monument during the exercises. A speaker's stand had been erected at the side of the monument, upon which sat the speakers, clergymen, municipal officers and guests, about twenty in all.

After a selection by the band, prayer was offered by Rev. Wm. Curtis of the

On the 24th of June, St. John's Day, a special train will bring the commandries from Bath and Lewiston with a brass band from both cities to Rumford Falls. At 10:45 a. m. a parade will be formed and about five hundred Masons will march through the principal streets.

At noon a banquet will be served. At 2:45 a special train will leave Rumford for Rangely Lakes. They will stop at the Rangely Lake House over night.

In the morning they will go to Oquossoc and it is arranged for one hundred men to dine at each of the following hotels: Mountain View, Mooselucmagantic and Barker's Inn. The remainder will dine at The Elches.

The special train will leave Bemis at 4:30 that afternoon, and will go to Lewiston and Bath stopping only at Rumford Falls enroute.

It is safe to say that Rumford will be treated to as fine a demonstration as is possible for any company of men to make. The Masons are looking forward to the day as one of the star events in the history of the Commandry or the Masonic order in the county.

IN HONOR OF WATERVILLE LADIES.

Memorial Day Dr. F. K. Laflamme gave a social and party at his office on Congress street in honor of the Misses Lovell, Lea, and Ernestine Audet of Waterville. The very enjoyable party was composed of the following well known young men and women of Rumford:

Mrs. Oscar Sullivan, Misses MacIntyre, Alfred and Nadene, George Payton, Oscar Sullivan, Felix Landry, John Roy, Eli Marquis, James Tracy, Urban Tuck, Prof. R. C. Plink, Albert Thibodeau.

The entertainment was varied by songs upon the violin by Prof. Fust and songs by Mr. Tracy. Some of the party spent Sunday at Roxbury Pond where they were joined by Miss George Duval.

The Misses Audet left for Waterville Monday morning.

OSGOOD EATON RELIEF CORPS.

Last Friday a committee of the Osgood Relief Corps of Rumford Falls visited the schools and presented them with patriotic prizes.

Monday night the regular meeting of the Corps occurred and two applications for membership were read.

Mrs. Sarah E. Patnam, National Inspector was present and delivered an interesting address on Memorial day observance and regarding the work of Relief Corps in other places.

The evening concluded with a light banquet of ice cream and cake.

LIOUON SEIZURE IN MEXICO.

Last Friday morning Deputy Sheriff Perkins quietly descended upon the latter shop connected by A. Paullette at Middleville and caught Mr. Paullette in the act of making a sale of liquor.

Later in the day Paullette appeared before Judge Stearns in the Municipal court at Rumford Falls and paid \$200.00 and costs and departed to figure out wherein his profit lay in the transaction.

BASE BALL.

There will be a ball game at Riverside Park on Friday at 7 P. M. between the Osgood's team and the Osgood's Alumni team.

This is the last game of the season and it is hoped that there may be a large attendance.

DIXFIELD WINS OUT, SCORE 6 TO 5.

On Rumford Diamond Memorial Afternoon.

A Large and Satisfied Crowd See Great Game.

Saturday afternoon on the Gibson Flats the opening game of the season for the Rumford Falls base ball club was played with the Dixfield team. The largest crowd that ever gathered to see a ball game was there, and not a person went away disappointed in the quality of the game for it was well played all the way through, and while the Rumford team went down to defeat it was as honorable a whipping as was ever taken by a ball club.

There were several splendid plays on both sides during the game. Law was a conspicuous figure in a great double play in the fifth inning. Law put the sphere to Sutton and Sutton to Whitcher on first. The crowd nearly went wild over this work. There was a fine piece of work between Hutchinson on second and Marsh on first for the Dixfields, where two men were out. This play also aroused the cheering impulse in the crowd.

The game was won by the Dixfield team, score 5 to 6.

Next Saturday the Rumford fellows go to Andover where a good contest is sure to result. Manager Hanson informs the CITIZEN that the Fourth of July game will be with the Lewistons.

The Rumford team was listed for batting as follows: Law, 1st; Bennett, 2nd; Perry, 3rd; Whitcher, 1st; Sutton, 2nd; Sheehan, 3rd; Mosher, 1st; Childs, 2nd; Blood, 3rd.

Dixfield boys were called as follows: Holt, 1st; Paine, 2nd; S. S. Talbot, 3rd; W. Talbot, 1st; P. Hutchinson, 2nd; Pratt, 3rd; E. Holt, 1st; Murdoch, 2nd; Marsh, 3rd.

Whitcher was captain of the Rumford team and S. S. Talbot of the Dixfield. F. R. Reed acted very efficiently as umpire.

MEMORIAL DAY AT WEST PARIS.

Appropriate Observance and Interesting Program.

Memorial Day was fittingly celebrated Saturday the 30th. The line of march to the cemetery to decorate the 16 soldier's graves was formed in front of the Free Baptist church at 12:30. Mr. Charles Drabham, one of the veterans, was marshal of the day. The drums were well played by Ralph Bacon and Ivan Tuell, who led the procession. Next came the few soldiers and sixty school children, a sufficient number of ladies carrying the flags evergreen wreaths and flowers to decorate the graves of the comrades, and the school children also made the procession bright with numerous flags.

The remainder of the line consisted of a good delegation of citizens. Upon arriving at the cemetery the program was arranged as follows:

Prayer—Rev. Isabella MacDuff.

Singing—American—Choir and People.

Address—Rev. D. R. Ford.

Paper—Canada F. L. Wyma.

ATTEMPTED BREAK AT SOUTH PARIS.

Jailor Assaulted, Prisoners Beaten Back and Safely Locked up.

Friday evening, four prisoners bound over to the October term of court for breaking and entering, having cells in the upper tier, in the jail, cut the bars which let them out into the outer corridor and from there they made their way to the lower corridor, and secreted themselves. When Jailor Farrar went to see if all was secure for the night he discovered that something was not right in the upper tier of cells and he returned to the lower corridor and was about to go out after the key to the upper door, when just as he reached the door leading out into his office, the four prisoners pounced upon him from behind. They were armed with oak clubs taken from an arm chair which was kept in the corridor, and which they had broken up for the occasion.

Mr. Farrar braved a slight noise he had, partly turned to see the cause when he received a stunning blow on the head from one of the clubs in the hands of Fred White, the ring leader. Under this blow he went down and the four endeavored to gag him with a piece of blanket.

He fought them off as he prevented being gagged, at the same time calling for help. His wife with whom he had left the keys, on the outside of the door heard the cry for help and went to the front door of the jailer's apartments, which face the South Paris depot, and shouted for help. It was some time and there were plenty of men at the station, who immediately rushed to the jail.

In the meantime, Mr. Farrar's cries brought down the "trusty" from the upper corridor, who in turn attacked the four prisoners in the rear, with a chair. This partly broke up the attack on Mr. Farrar and he succeeded in repulsing his feet, and was having a two-to-one with the ringleader, White, a large heavy fellow, who was crowding Mr. Farrar back and finally by accident or design pushed him into an open cell. As he went in Mr. Farrar caught the door of the cell with one hand and pulled it between him and the desperado the latter coming against the door with a head so he aimed a desperate blow at the former saying: "Now I'll kill you."

Mr. Farrar's hands were now free and drawing his revolver, he fired at his antagonist, but the electric light had been smothered and in the darkness the better fellow of the two.

This shot, and the help of the trusty, with the sound of approaching help from outside sent the four prisoners scrambling for their cells.

It was found that Mr. Farrar's injuries were only flesh wounds on the

WILSON IS HELD WITHOUT BAIL

Charged With Murdering His Own Son.

The people of Bethel and vicinity were shocked last Friday at the news that Mr. Ed. Wilson had killed his little son Elmer. Mrs. Wilson, who was Miss Ada Lowe of Bethel, had not been living with her husband for some time and has recently been working at John Haggood's in Bethel. Wilson came to Bethel about three weeks ago and met Mrs. Wilson and the child on the street and took the child from the carriage and carried him to the home of his sister, Mrs. Alden Wilson of Shelburne, N. H. The child was kept for about two weeks, during which time Wilson tried to get someone to take the child and take care of it. Failing he decided to take the child back to his mother on Friday last, or he stated.

On Friday morning the child was found dead in bed in the room occupied by his father and was reported strangled. Coroner Packard of Bethel was sent for and the remains after an autopsy by Dr. Phillips and others of Gorham, was brought to Bethel and interred at Mayville Cemetery.

Suspicion rested upon Wilson and he was placed under arrest. A hearing was held at Gorham Monday at which the doctors testified that death resulted from strangulation from pressure. The theory being founded with little doubt that Wilson with his own hand stifled out the life of the child.

Wilson's sister testified that he came down from his room in the morning and after a time returned, and remained from five to ten minutes then came down the second time appearing nervous but said nothing. A little later he asked a friend to go up stairs with him and taking him to the bed said "there is my boy dead."

Officer Packard took several witnesses from Bethel who testified that they had heard Wilson threaten to kill his wife and children.

Wilson was held without bail for the Grand Jury in September.

MEMORIAL DAY AT RUMFORD CENTER.

THE HOME CIRCLE.

Pleasant Recreations—A Column Dedicated to Tired Mothers
as they Join the Home Circle at Evening Tide.

Editor's Note.—It is our desire to make this department one of the most in-
teresting and valuable features of the whole paper. To this end we ask the co-
operation of our readers. Checks, notes and gifts of thought will be gladly re-
ceived. Here are our thanks for anything that our friends have sent or may send.

With each new day
New duties call
And to our lot,
Some pleasures fall.

How often the friends we hold dearest
Their noblest emotions conceal;
And because the parent, sincere,
Have secrets they cannot reveal.
We know of no one who can say,
And many into error may fall;
Then let us speak well of our brother,
Or speak not at all.

You Can Never Tell
You never can tell when you send a
word—
Like an arrow shot from a bow
By an archer blind—he it cruel or kind,
Just where it will chance to go.
It may pierce the heart of your dearest
friend,
Tipped with its poison or balm;
To a stranger's heart in life's great
war,
It may carry its pain or calm.

You can never tell when you do an act
Just what the result will be;
But with every deed you are sowing a
seed,
Through its harvest you may not see,
Each kindly act is an arrow dropped
In God's productive soil.
Though you may not know, yet the
tree shall grow,
And shelter the brows that toil.

You can never tell what your thoughts
will do
In bringing you hate or love;
For things are things, and their airy
wings
Are swifter than carrier doves.
They follow the laws of the universe,
Each thing must crest its head,
And they speed 'er the track to lying
you back.
Whatever went out from your mind.

Ballads of Pleasant Thoughts.
Don't let us talk of wretchedness,
Don't let us dwell in our woe,
Don't let us dwell on our distress,
Don't let us dwell on our loss,
And let the smile and merriment
Be let us live on joyful wings
Into the golden sunlight's glow.
Let's think and talk of pleasant things!

Don't let us dwell on our distress;
Don't let us dwell on our loss;
And never let us dwell on our
Grief or sorrow or trouble; let us show
What perfect peace our viewpoint
brings.

To all who after goodness go,
Let's think and talk of pleasant things!
Let's think of truth, love and life;
To anger let us be more slow;
Let's think more patient to pardon,
And more compassionate to grow;
A cheerful word or smile bestows
And you can feel the dawn that glows.
Let's think and talk of pleasant things!

A Thought.
Never create a wrong action by
saying that another one does the same
thing—
I think.

Disposition That Wins Friends.
A change of heart is necessary to
accomplish a change of disposition.
An outgoing person always wins friends.

Learn to Helpless.
Someone has said that we find what
we are looking for in this world. If that
be true, it is true as a certain
number—how very much better and
more wholesome to be looking for kind
words rather than slights, for slights
rather than in money, for the slights
of life rather than the slights of
money. When these things come upon you
they think them on, and the power of
your mind makes them come true.
Slights and slights are to the mind
what slights and slights are to the mind.
When the slights are to the mind, the
slights are to the mind. It is not a
slight to the mind to be told so that to think

which may be mythical, but anything
to worth while which makes for hap-
piness and peace.

Be Up and Doing.
Whoever becomes a man of influence
by sitting, grieving, and moaning
under the burden of dependency,
What chance ever befalls the world,
his friends or himself? There is
nothing like action coupled with
cheerfulness. We see it everywhere.
Who is he sitting on that empty barrel
at the corner? A man with no energy
—a prey to grief. He does not know
what to do or how to start. Who is
that man standing in the market place?
A lazy, do-little, shiftless sort of a
fellow, hardly earning his bread and
butter, whining hard times and noth-
ing to do. Do you wish to become such
a character? If not, arouse yourself.
Away from the arm chair, up from the
gutter, out of the downy bed! Move
your arms, kick your feet and stir
about. Give the blood a chance to
circulate through the veins, and the air
of heaven to enter your lungs. Seize
the first job presented and dispatch it
at once up for the pay and get another
forthwith.

You will soon learn enough to pur-
chase a wheelbarrow or hand cart and
then you will begin to live. Who
knows what you will become? Energy
is half conquest. Small beginnings
and large gains. A penny will
turned brings in a large fortune. Re-
solve, then do something and be some-
thing and your word for it you will
thank us for this plain spoken advice.

The Girl You Like.
She is the girl who is not "too
bright and good" to be able to find
joy and pleasure all over the world.
She is the girl who appreciates the
fact that she cannot always have the
best of everything in the world.
She is the girl who is not aggressive
and does not feel joy in feeling ag-
gressive people.

She is the girl who appreciates the
fact that she cannot always have the
best of everything in the world.
She is the girl who is not aggressive
and does not feel joy in feeling ag-
gressive people.

She is the girl who is not aggressive
and does not feel joy in feeling ag-
gressive people.

She is the girl who is not aggressive
and does not feel joy in feeling ag-
gressive people.

She is the girl who is not aggressive
and does not feel joy in feeling ag-
gressive people.

She is the girl who is not aggressive
and does not feel joy in feeling ag-
gressive people.

She is the girl who is not aggressive
and does not feel joy in feeling ag-
gressive people.

HIDDEN DANGERS.
Nature Gives Timely Warnings That
No Method Other Than Castoria Can
Ignore.

DANGER SIGNAL NO. 1 comes
from the kidney secretions. They will
warn you when the kidneys are sick.
Well kidneys excrete a clear, amber
fluid. Sick kidneys send out a thin,
pale and foamy, or a thick red, ill-
smelling urine, full of sediment and
irregular of passage.

DANGER SIGNAL NO. 2 comes
from the back. Back pain, dull and
heavy, or sharp and acute, tell you of
sick kidneys and warn you of the ap-
proach of dropsy, diabetes and
Bright's disease. Doan's Kidney Pills
cure sick kidneys and cure them per-
manently.

Frank L. Quinby of 46 College St.,
Lewiston, Me., says: "When a boy,
after years old, I fell from a lead of
hay and struck on my back with such
force that I was laid up for several
weeks. After that I had more or
less trouble with pain in the back, which
was always annoying and sometimes
severely painful. Last fall I was hav-
ing considerable trouble and one day
stopped in to a drug store and got a
box of Doan's Kidney Pills. I had
read a great deal about this remedy
and I was not disappointed when I
used it. I found prompt relief, and
from my experience feel justified in
recommending it to others."

WELCHVILLE.

The services at the M. E. church Sunday were in honor of the Soldier and Sailor dead and many were in attendance. Speeches by Rev. Everett L. Farnsworth, Rev. Frederick Newport, Mr. Freeman Andrews, Mr. Wallace Andrews and Miss Bertie Phillips were listened to with much interest. An original historical paper concerning the naval fight and conquests written and delivered by Miss Agnes Fuller was also very interesting. After the services in the church the Ladies Relief Corps and the Grand Army, who attended in a body formed in line and marched to the bridge, which crosses the Androscoggin River near the church, accompanied by the school children and many marched in the rear to witness the service. Neater My God to Thee and America were sung and the children cast their flowers upon the water in honor of the soldier sailor dead. The services as a whole were very impressive and interesting.

Mr. and Mrs. George Paine and her sister, Mrs. Frank Kimball from Bridgton, were in this place Saturday, they went from here to Poland.

Miss Maude Henry from Portland visited at Mr. Joseph F. Staples' residence.

The Children's Concert will be held the 14th of June, instead of the 7th as was first stated.

Miss Marion McKinnon from Woodford, visited at Mr. Fred Hall's residence.

Mr. Frank Blake, who used to live in this place before the death of his husband, a member of years ago, and who has lived in Bridgton for a time, died Friday. The funeral was held in Bridgton Sunday and the body was carried in Ode's Fall for burial.

Almon Hunt has had the chicken pox, recently.

Many of the people of this place attended the Memorial service at Oxford village, Saturday.

A party of twenty sang a Mayhew on to Charlie Warren and John's Barning Friday evening. The oldest part of all was that they were already for the people when they got there. Some had been here for a long time. They had been here for a long time. They had been here for a long time.

NORWAY AND SOUTH PARIS

Memorial Day.

In South Paris, the program for the day was carried out with success. The speaker, Mr. Scott Robinson, of Hartford, gave a very interesting address which was highly appreciated. The Oxford Band furnished excellent music for the occasion.

At the "Bijou," a special entertainment was tendered the Veterans, Sons of Veterans and Ladies of the G. A. R.

Memorial Service.

In the Universalist church, South Paris, a Memorial service was held for those directly and indirectly connected with the parish, who have passed away during the year, and mention was made of Mr. A. M. Yates, Mrs. Roxana Elder, Mr. Thomas Stearns, Mrs. Ellen Hall Moore, Mr. C. H. Sessions, Harold H. Thayer and Victor Campbell. No church member has died within the year and of the 64 members only one has died since the church was organized about six years ago.

In the Denomination at large, twelve ministers have passed away during the year, among them Dr. O. F. Safford, Editor of the E. S. Helper, Rev. O. H. Shinn, D. D., our Southern Missionary, Rev. J. W. Cate, the Missionary to Japan, who passed away on the voyage home from Japan, May 11th. Special mention was made of the work of these three ministers eminent in the work of their several fields of labor.

Appeal was made for a practical memorial by a deeper consecration to the church and faith which all these Universalists worked for so faithfully, and by the establishing of funds to strengthen the church work which they labored for.

Republican Caucus.

There was an unusually large gathering at the town caucus held on Thursday afternoon, last. There were two tickets in the field and considerable hustling for votes for the two lists of delegates.

Walter L. Gray was chosen chairman and Arthur Forbes secretary. On proceeding to ballot for delegates to the County Convention those elected were, N. Dayton, John A. Walker, S. E. Newell, A. C. Wheeler, C. W. Chase, W. O. Bryant, J. S. Wright, and W. W. Penley. The next was the election of delegates to the State Convention at Bangor. The delegates elected were: Albert D. Park, Maurice L. Noyes, Silas P. Maxim, James S. Wright, Chester H. Lane, H. W. Wardwell, Hiram B. Hubbard and George M. Alvord and they were instructed to use all honorable means to secure the nomination of Bert M. Fernald for Governor, Henry D. Hammond for county commissioner, and Fred R. Dyer for county attorney.

The present town committee was re-elected for 1909-1910. For the Representative District, including the towns of Paris, Backfield and Milton, Mr. C. H. Lane of West Paris was unanimously nominated by acclamation.

Democratic Caucus.

The Democratic Caucus was held in the selection's room Friday evening. A. E. Shurtliff, chairman, W. L. Farnsworth, secretary. Mr. A. E. Shurtliff was nominated for Representative to the Legislature.

A. M. Ryerson, A. Elroy Dean, Benton L. Swift, were chosen delegates to the State Convention.

W. L. Farnsworth, H. O. Fletcher, G. P. Eastman, delegates to the District Convention.

N. McKee, H. T. Davis, Archie L. Cole, to County Convention.

Town Committee, H. L. Swift, H. O. Fletcher, Frank A. Farnsworth, George P. Eastman, Archie L. Cole.

The Republican Caucus at Norway was held Saturday and the following delegates were chosen: C. P. Barnes, H. P. Andrews, T. F. Richardson, Ben. James Tucker, W. W. Whittemore, F. A. Mann, to attend the State Convention. A. S. Stearns, H. J. Bangs, E. H. Andrews, George L. Curtis, L. H. Cookman, A. F. Nordham, delegates to the County Convention. The State Convention delegates were instructed to vote for Bert M. Fernald for Governor.

Central Park Chapter No. 39, at a special convention, held last week Wednesday conferred the Royal Arch Degree upon several candidates, and after the work was over, served a luncheon at which speeches were in order after the good things on the table had disappeared.

The few hot days of the past week have sent many of the cottagers to their places of summer recreation, along the shores of Lake Umbagog. Cottage doors are open and boats are being utilized for recreation and pleasure, and life at the lake begins to assume activity.

Walter L. Gray is having a boat house built near his cottage. J. S. Wright of South Paris has the contract, and expects to start this week.

NORWAY.

Harry Packard of the Boston Post, is at home. He contemplates publishing a monthly magazine for nature lovers, and will give it the same name as the one which he managed about a year ago. "The Young Naturalist" appears in July and will contain interesting matter with illustrations that must appeal to all lovers of outdoor life.

Chas. J. Sargent, Superintendent of the B. F. Spimney & Co's factory is taking a short vacation in Massachusetts. He returns Thursday.

A. A. Laferriere has stored his goods and will spend several weeks through Canada with Mr. Bradbury, locating small spruces for the Christmas trade. Mr. Bradbury for several years has shipped many carloads of these trees to the city markets, so has worked up a large business.

Bert Hamilton of the Maine Moll Commission, was home over Sunday. Mr. Hamilton with assistants are working on the hard wood growth near York Beach, where that district is badly infested with brown-tail moths. For a side line, he is making a close study of sea weeds and other sea shore life. The Norway Cornet Band played to the Memorial exercises at Oxford, Saturday afternoon.

Geo. A. Gunn, of Danvers, Mass., and at one time superintendent of the shoe factory here, has been visiting friends in the village, also incidentally fishing up the lake for red-spot.

Ervin A. Chandler, the ten year old daughter of W. S. Chandler was taken to Auburn last Thursday and Dr. Peckles and Asael Cobb, a specialist, removed both tonsils besides a growth of adenoids. The operation was completely successful.

Herbert Hilliard with his new bakery, is seen every day on our streets with the cheerful news that his South Paris bakery is a success and business fine.

Schools all close this week. The usual graduation exercises are in the Opera House, Thursday evening, and the grand ball follows Friday evening, with Stearns' orchestra in attendance.

Dr. A. D. Farmonter is comfortably settled in his new rent at the Falls, the house in the Burgess place and is a neat, cozy little cottage.

Next Saturday the blue factory begins on the half holiday system for the summer. The bankers and dentists are doing the same thing.

The memorial exercises passed off smoothly according to the carefully arranged program, being in perfect accord with the spirit of the day. At five o'clock a line of march was formed in the following order: Marshal, Chas. H. Chase, Norway Cornet Band, Co. D, 1st Maine Regiment, J. W. Nash, Captain, 1st Maine Hospital Corps, F. B. DeCasta, Commander, Harry Hunt Post, No. 64, C. Richardson, Commander, Relief Corps, Frank Bartlett Camp, No. 5, Spanish War Veterans, H. J. Cole, Commander. The line proceeded to Burdell Cemetery where the graves were decorated and remarks by Rev. E. S. Cotton were given. The march was again taken up to Pine Grove Cemetery, and appropriate exercises consisting of a big crowd of rosters followed the Burdell ball team to South Paris, Saturday afternoon, where on the happy hunting grounds of the High School, the Norway braves fell upon the Paris warriors with a ferocious onslaught in this territory and captured many new recruits, besides regaining those taken from them the week before on the Fair Grounds. After the massacre, and the spoils divided, the Norway tribe claimed a score, Paris were forced to accept 4 as their share.

A large attendance at the "Bijou" in South Paris Saturday evening. War subjects were shown and the new electric fans put in operation, besides music by the Oxford Band.

Many citizens displayed flags and decorated homes for Memorial Day. Dr. Farmonter's place of business was well decorated with streamers and flags. Fred Cole's jewelry store exhibited the pictures of Lincoln, Sherman and Grant, besides several war relics, arranged for the store and window. Samuels dry goods store also remembered the occasion with a generous window exhibit of the three emblematic colors.

H. Price Webber and company appeared in the Opera House Monday night, giving "The Gold Ring" to a large crowd. Price was kept busy during the day, entertaining friends and acquaintances.

The Knights of Pythias expect to visit Stearns next Saturday evening and work the third rank on several candidates there. The Stearns brothers are royal entertainers, so a delightful time can be anticipated. A large number will drive over and the most frisky goat has been selected for the occasion.

Thousands Have Kidney Trouble and Never Suspect It.

Prevalency of Kidney Disease. Most people do not realize the alarm increase and remarkable prevalence of kidney disease.

While kidney disorders are the most common diseases that prevail, they are the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

It corrects inability to hold water and sending pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The remedy and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, without cost, by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Do You Know about Hanover Spring Water?

IF NOT WE WANT TO TELL YOU

This is what H. D. EVANS, Maine State Chemist, says in a private letter. "Hanover Spring Water is a most excellent water of a high degree of purity."

The following is the **CHEMIST'S Official Statement:**

"It is nothing more or less than pure water. The greater part of the mineral material is in the form of the carbonates of calcium and magnesium, which are said to be very healthful. The great point about this water is its high degree of purity, both organic and mineral; and water of this kind cannot fail to be healthful to use for drinking purposes."

Very truly yours,
H. D. Evans, State Chemist

The following is the Chemist's ANALYSIS.

	Grains per gallon		Grains per gallon
CARBONATE OF CALCIUM	0.58	SILICON DIOXIDE	0.58
CARBONATE OF MAGNESIUM	0.58	IRON OXIDE (FERRIC)	0.04
SULPHATE OF SODIUM	0.43	NITRATES	Trace
SULPHATE OF POTASSIUM	0.00	PHOSPHATES	Absent

The statement of the chemist is to the point and can be readily understood by every one. The analysis needs a little explaining to carry its full significance to the lay mind. Concerning the analysis Eugene McCarthy, M. D., a leading physician of Rumford Falls, says:

"Carbonate of calcium is used as a uric acid solvent, and favorable results have followed its use in cases of gravel and similar affections. Carbonate of magnesium neutralizes uric acid and is valuable as a remedy for rheumatism. All the chemicals that appear in the analysis of the Hanover Spring Water, except iron, are considered useful in the treatment of the complaints mentioned. Iron is necessary in the reconstruction of the wasting tissues."

Hanover Spring Water comes from an immense depth in the mountains near the village of Hanover, in Oxford County and has been for many years known as a health giving water. Among the inhabitants of Hanover and the surrounding country the observed and proved beneficial effects of this water, in cases of kidney and stomach troubles as well as in rheumatic affections, are sufficient to warrant the belief that Hanover Spring Water is superior to any now bottled for the market.

To those who know about it the foregoing statements of the chemist and physician are only corroborative and accumulative evidence. To those who do not know, the statements are positive proof.

In some period of geological time there was deposited a stratum of carboniferous substance, and in the process of work making these deposits have been brought by convulsions of nature near the surface of the earth's crust, and from the distillations of the analysis it is certain that the water from Hanover Spring originates in and filters through deposits of this kind.

The Hanover Spring Water is for Sale in one quart and half gallon bottles and in five gallon carboys still, also in pints and quarts Carbonated.

Can All Be Cured by Urlo-O.

If rheumatism continues to spread as
it has in the last few years, it would
soon be so common that it would be
become a nation of cripples. The ter-
rible destructiveness of this disease
is apparent on every side of us. Al-
most nine out of ten cripples are
wrecked by their affliction brought on by
Rheumatism. How many thousands
more are there that are hopelessly bed-
ridden and whom we never see. Rheu-
matism, from the very nature of the
disease, can never cure itself, and if not
checked to grow worse rather than
better. If you ever have any tinges
of Rheumatism, go to the druggist and
get a bottle of Urlo-O, the wonderful
new Rheumatic Specific. It will cure
you and it is the only treatment in the
world that will cure you permanently and
thoroughly. Urlo-O cures by direct
action on the muscles, blood and kid-
neys. It seeks out the poisonous Uric
acid and Rheumatic Acid and drives it
from the system and is the only treatment
of such a nature that will cure you
thoroughly. Urlo-O cures Rheumatism
and Rheumatic Acid, and patients
only serve to drive it from one spot
to another. They serve cure Rheuma-
tism, because it is primarily a blood dis-
ease, and until the blood is cleared from
the poison a cure cannot take place.

is the only treatment in the world that
will cure you permanently and thor-
oughly. Urlo-O cures Rheumatism and

DIXFIELD ITEMS.

The Happenings of the Week as gathered by the Citizen Reporter.

The Annapolis Sunday School Association which convened here Wednesday the 3rd, was carried out as the program stated in the last weeks issue of the CITIZEN. Several delegates from the different schools along the line were present. The day sessions were held at the F. B. church and the evening service at the Universalist. The meetings were well attended and were of much profit and interest to all.

Rev. O. H. Tracey supplied at the F. B. churches Sunday, both here and at West Peru. He was also present at the evening service here and gave a very helpful talk.

Memorial Day was observed here with the following program. The procession formed by the members of the G. A. R. of this and adjoining towns, the school children, with the Dixfield band in advance, marched from Main street to Greenwood Cemetery, where the usual exercises of chaplains and the decoration of the soldiers' graves were held. Dinner was served at the Dixfield House for the band and members of the G. A. R. At 2 o'clock, p. m., an able address was delivered by Rev. E. W. Webber at the Universalist church, where a large congregation was gathered to enjoy the exercises. The company of Jubilee Singers who gave a concert at Tuscan Opera Hall Friday evening, were in attendance and furnished excellent music, which was highly appreciated by all present.

A Splendid Chance.

Everybody who is weak, delicate or sickly wants to get well. Dr. Greene, of 21 Temple Pl., Boston, Mass., makes a specialty of treating patients free through letters correspondence. The wisest thing all suffering people can do is to write Dr. Greene, stating just how they feel, mentioning every symptom of which they complain, and he will answer the letter, explaining each symptom and describing the cause or thoroughly that patients understand their complaint as well as how they had talked with the Doctor. He makes his explanations so clear that they cannot help but understand just what ails them, and he tells exactly what to do to get well. It saves a journey to the city and doctor's fees, and costs nothing. Dr. Greene is the most successful specialist in curing nervous and chronic diseases. He is the discoverer of that wonderful medicine, Dr. Greene's Nervine Blood and nerve remedy. Thousands are being cured through his perfect system of letter correspondence. It has been proved successful.

THE REAL BRYAN.

Richard L. Metcalf is preparing a book on "The Real Bryan."

It will be an interesting study. To the man who judges only by surface indications it seems that his power lies chiefly in his sticking to his text.

The Happy Smile

We've seen that same smile on hundreds since we've been selling "Black and White." And it's no wonder. The equal of an ordinary three-for-a-quarter cigar for a nickle would create on any body "the smile that won't come off."

BLACK AND WHITE

contains a filler of Cuban grown leaf wrapped in excellent quality of Sumatra wrapper, and its free burning fragrance makes its popularity greater than any cigar for so. that we sell.
